Verbal tribute to the Former President Bharat Ratna.
Dr. A.P.J. Abdul Kalam

*Wonderstruck are we at his colossal, awe inspiring
but love kindling personality!*

*"Oh, what a man! affluent not only in accomplishments
but also in attributes!*

*Eye opener was he of the blocks that spring from financial setbacks;
Seer was he to pinpoint the tools of development*

'Economic and Technological Supremacy'.

Uncommon are not politician presidents;

But here we had a Scientist President.

Uncommon are not the political stunts of diplomats;

But here was one above political adventurism.

Uncommon are not the leaders who speak something;

But here was one who had 'something to speak'.

Avidly devour the intellectuals (bookworms) of knowledge;

Keenly captured he the core in a cursory glance.

Blended were in him paradoxical qualities.

Machine was not he the 'missile man';

Champion was he of the rural folk through 'PURA';

'Apple of his eye were the children;

'Good fellows' were to him birds and animals;

Encompassed were the objects, of his compassion;

Fascinated was he of art and culture as of rockets and missiles.

Prosperity of India was his dream;

But simplicity was his way of life.

Reasonably rational was he but also thoroughly spiritual;

Scientific was he in plan, but humanistic in approach.

Astounded was everyone at his professional ability;

Revered was his humility by everyone.

Misfortune is his demise to India.

Why hadn't his life prolonged

to see the manifestation of his Vision - 2020?

Helpless we are without him but emboldened by his spirit.

Let's resolve to follow his track to fulfill his Dream.

May the Almighty keep him in Eternal Joy & Peace.
