To STUDENTS'

I don't want to hurt your delicate palms,
 I want to make strong your arms,
 I want to make you stand in this world not easy,
 I'll spend time for you no matter I am how busy,
 I have in my mind a plan much better,
 I want to make you a man of letters,
 I think I am wrong but at somewhere right,
 These little yokes will make your career bright,
 You are not able to see my hidden tears,
 There are lot of feelings with emotions sheer,
 Live your life with head held high,
 Never fear anything, never leave a sigh
 I want to listen to your dreams peppy,
 I want to make your world happy...

ON A SUNNY EVENING

I am Mrs.U.Anamica, Assistant Professor of English, Jayaraj Annapackiam College for Women, Periyakulam, Tamil Nadu. I have been working in the same college for the past 11 years. I am interested in writing poems on Nature.

The hot day moves with frets and less motion,
 The hours go with flames and less mirth,
 The mind exhausts with scorching sun and less dynamic,
 The body dehydrates with roasting weather and less wind,
 The tiresome day wanes with sweat and less moist.
 Awestruck is the soul !
 On a feathered friend's chirps, greeny tree's motion,
 Busy beetle's buzzing, Spongy Pumpkin's pulp,
 Agile cloud's hue, fragrance of flowers,
 Indoctinate thou not yield to fatigue,
 But to dare the whole lot with the INITIATOR of Lives.
